

Swan Fire Limited

Giving you the control and knowledge to protect your business

Practical Fire Extinguisher 1 Hour Course

You have a legal requirement to train all your staff in the use of Fire Extinguishers, at their induction and at intervals in accordance with your risk assessment to be legally compliant, so here is **Swan Fire's** solution to ensuring that you are in control with minimum fuss and minimum cost.

Course Aim:

To build knowledge on the different types of fire extinguishers and what type of fires they are suitable for. To gain confidence in their use and limitations.

Course Contents Include:

- Explanation on how fire starts and develops
- Explanation on why there are different extinguisher types
- Full explanation on the different classifications of Fire
- Health and safety issues relating to the use of extinguishers
- Hands on practical putting out a variety of small controlled fires with the appropriate extinguisher to build total confidence

Course Costs:

At your premises for 12 delegates for the all inclusive price of £325.00 plus VAT

This is a fun, logical and empowering course, that builds the confidence of delegates in the use of extinguishers.

Delegate comments from previous courses:

“I was very nervous of using an extinguisher before I attended this course and now I would not hesitate to step in and use one if needed”

“A fun and informative course, which I really learnt from”
